Marlborough Elementary School

September 2019

## **Mission Statement**

In a partnership of family, school and community our mission is to educate, challenge and inspire each individual to excel and become a contributing member of society.

## **Vision Statement**

Our vision is to inspire wonder, awe, and curiosity, and to motivate young minds to embrace learning.

## School Climate Plan

On May 28, 2015 the Marlborough Board of Education adopted Policy #5131.911 which prohibits bullying in any form. Policy 5131.911 states in its purpose and priority statement that:

The Marlborough School District is committed to providing all students with a safe learning environment that is free from bullying, cyberbullying and teen dating violence. The goal is the establishment of a positive school climate in which norms, values and expectations make students and adults feel socially, emotionally, intellectually and physically safe. This commitment is an integral part of our comprehensive efforts to promote learning and to prevent and eliminate all forms of bullying and teen dating violence and other harmful and disruptive behavior that can impede the learning process. The District expects that all members of the school community will treat each other in a civil manner and become successful members of our increasingly diverse society.

The School Climate Plan is the structure on which Marlborough Elementary School sustains this environment where our children can learn and grown and will serve as the administrative regulation to this Board of Education policy.

Such reports may be filed with any school employee, and they shall be promptly forwarded to the Safe School Climate Specialist or another school administrator.
- Anonymous reports:
  - Students shall be made aware of process for anonymous reporting (two kinds of anonymous reporting:
    - Discrete: student wishes remain anonymous

### Parents or Guardians may file:

Parents or guardians may file written reports of conduct that they consider to be bullying or teen dating violence. Such written reports shall be reasonably specific as to the actions giving rise to the suspicion of bullying or teen dating violence, including time and place of the conduct alleged, the number of such incidents, the target of such suspected bullying or teen dating violence, and the names of any potential student or staff witnesses. Such reports may be filed with any school employee, and they shall be promptly forwarded to the Safe School Climate Specialist or another school administrator. **All written complaints must be signed by the parent / guardian.**

### School Employees:

School employees who witness acts of bullying or teen dating violence, as defined above, or who receive reports of bullying or teen dating violence shall promptly notify the Safe School Climate Specialist or another school administrator if the Safe School Climate Specialist is unavailable, not later than one school day after such employee witnesses or receives a report of bullying or teen dating violence. A written report must be filed not later than two school days after making such an oral report concerning the events witnessed or reported.

## Investigations

The Safe School Climate Specialist shall be promptly notified of any formal or informal complaint of suspected bullying or teen dating violence received by any school employee. The Safe School Climate Specialist shall investigate or supervise the investigation of reported acts of bullying or teen dating violence in the school in accordance with the District's Safe School Climate Plan. All such complaints shall be investigated promptly. Prompt notice must be provided to the parents/guardians of the person bullied or the victim of teen dating violence and the student alleged to have committed the act of bullying or teen dating violence that such investigation has begun. The investigation must be completed promptly after the receipt by the Safe School Climate Specialist of any written report. In order to allow the District to adequately investigate all formal complaints, the parent of the student suspected of being bullied or teen dating violence must complete a consent form that allows their District to release that student's name to those third parties who the District contacts as part of its investigation of that complaint with regard to the investigation of informal complaints, the parent of the student suspected of being bullied or teen dating violence must complete the above-referenced consent form so long as that student has not requested anonymity.

A written report of the investigation shall be prepared when the investigation is complete. Such report shall include findings of fact, a determination of whether acts of bullying were verified, and, when acts of bullying or teen dating violence are verified, a recommendation for intervention, including disciplinary action. Where appropriate, written witness statements shall be attached to the report.

The school shall notify parents or guardians of all students involved in a verified act of bullying or teen dating violence not later than forty-eight (48) hours after the completion of the investigation. The notice shall be simultaneously mailed to the parent/guardian with whom the student primarily resides and in the case of a divorced/split situation, to the other parent/guardian if requested. The notice must describe the school's response, measures being taken by the school to ensure the safety of the students against whom such act was directed, and any consequences that may result from further acts of bullying or teen dating violence.

Notwithstanding the foregoing, when a student making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complainant. Such limitation of investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

## Verified Acts of Bullying

Verified acts of bullying or teen dating violence shall result in intervention by the Building Principal or his/her designee that is intended to address the acts of the perpetrator and the needs of the victim and to assure that the prohibition against bullying behavior or teen dating violence is enforced, with the goal that any such bullying behavior or teen dating violence will end as a result.

Bullying behavior can take many forms and can vary dramatically in how serious it is, and what impact it has on the victim and other students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that rises to the level of “bullying” as defined above will generally warrant disciplinary action against the perpetrator of such bullying, whether and to what extent to impose disciplinary action (detention, in-school suspension; suspension or expulsion) is a matter for the professional discretion of the Building Principal (or responsible program administrator or his/her designee.) The following sets forth possible interventions for building principals to enforce the Board’s prohibition against bullying. No disciplinary action may be taken solely on the basis of an anonymous complaint.

The following sets forth permissible interventions for building principals (or other responsible program administrators) to enforce the Board’s prohibition against bullying and teen dating violence.

### **Non-disciplinary Interventions**

When verified acts of bullying and teen dating violence are identified early and/or when such verified acts of bullying and teen dating violence do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying or teen dating violence, its prohibition, and their duty to avoid any conduct that could be considered bullying or teen dating violence.

If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

In any instance in which bullying or teen dating violence is verified, the building Principal (or other responsible program administrator) shall invite the parents or guardians of the student against whom such act was directed, and the parents or guardians of a student who commits any verified act of bullying or teen dating violence, to a meeting to communicate to such parents or guardians the measures being taken by the school to ensure the student’s safety and to prevent further acts of bullying or teen dating violence. The meeting of parents/guardians of the bullied student or the victim of teen dating violence and the student committing the bullying or teen dating violence shall be separate and distinct from each other.

## **Disciplinary Interventions**

When acts of bullying and teen dating violence are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

In-school suspension and suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation, in accordance with the Board's Student Discipline policy.

Expulsion may be imposed only after a hearing before the Board of Education, a committee of the Board or an impartial hearing officer designated by the Board of Education in accordance with Board policy. This consequence shall be reserved for serious incidents of bullying and teen dating violence and/or when past interventions have not been successful in eliminating bullying or teen dating violence behavior.

## **Interventions for Bullied Students**

The Safe School Climate Specialist/Building Principal (or other responsible program administrator) or his/her designee shall intervene in order to address repeated incidents of bullying or teen dating violence against a single individual. Intervention strategies for a bullied student or student against whom teen dating violence was directed may include the following:

- Counseling;
- Increased supervision and monitoring of student to observe and intervene in bullying or teen dating violence situations;
- Encouragement of student to seek help when victimized or witnessing victimization;
- Peer mediation where appropriate.

## **Publication of School Climate Plan**

A copy of this District's Safe School Climate Plan shall be provided in written or electronic format to all District employees annually at the beginning of each school year.

The District's Safe School Climate Plan shall be made available on the Board's website and on the website of each individual school with the District. Such posting shall occur within thirty (30) days of the approval of such plan by the State Department of Education.

The District's Safe School Climate Plan shall be included in the District's publication of the rules, procedures and standards of conduct for schools and in all student handbooks.
