**Hoopla** – *Instantly download audiobooks, e-books, music, TV shows, movies, comics*

Hoopla, one of our digital platforms for borrowing ebooks, audiobooks, children's ebooks, music, tv and movies, has announced their Bonus Borrows collection!

When you are looking for an item to borrow, go to the top of the page by the words Browse and use the pull down tab and type Bonus Borrows. You will see the Bonus Borrows categories come up –select one of those.

Hoopla is allowing our customers to borrow as many items as they like and here's the best part, Richmond will not be

charged for your use. (Unlike usual Hoopla where we are individually charged for every item you borrow.) Finally, some good news during this trying time!
