

Good evening MES Families,

We hope that your week is going well and that everyone had a terrific Labor Day weekend. It's hard to believe that we are already nearing the middle of September.

A few things for you today:

***Please remember to send in any of the information you have for the Summer Reading and Summer Math Challenges.**

***Open House update** - with the increasing number of COVID cases, an area school moving to remote learning and the area fair that takes place over these next four days, we have taken a closer look at our Open House structure. As we value the importance of having the event in-person, we felt it was important to take some steps to ensure the health and safety of our students, families and staff. As a result, we are making the following modifications to this year's Open House event on Wednesday, September 15th.

- The event will not include students this year.
- The event is open to one parent/guardian per family.
- Teachers will set-up available slots for their classroom Open House using Sign-up Genius.
- We will send out the Sign-up Genie information for classroom visits by the end of the day on Monday.
- Teachers will have three available time slots for visits - 6:00-6:30, 6:30-7:00 and 7:00-7:30.
- We ask that anyone visiting Specialists - Reading, Math, Speech Language, Spanish, Library, Art, Music, Physical Education - maintain social distancing and keep visits brief.

***We have a significant number of new fliers on the website. Please take a look at some offerings from various groups:**
